

THANKSGIVING GREETING FROM FAUSTIN & SALOME

NOVEMBER, 2022

Dear friends of TLAfrica,

Recently Salome and I visited a church that is about 20 miles from where we live in Musanze, Rwanda. The pastor was trained in our Leadership Training program, and one of the ladies from his church participated in the Women's Empowerment Program. She used her loan money to buy a sheep. The sheep soon birthed twin lambs, and now one of the lambs is pregnant and will soon bear lambs of her own! While we were there, she thanked God for multiplying his blessings to her, through the donations of some of you friends, and with other women she led in a joyful dance of thanksgiving! You can view her dance by going to this web link:

https://drive.google.com/file/d/1_t6ttiFzEutliu4ZDbFf3MqZkXGDtR7d/view?usp=share_link

In our own lives we are thankful for people like Warren and Sue Jantz, who in 2008 while we were in the U.S., sacrificed some of their time with family at Thanksgiving to come visit us in California and teach us how to cook a turkey for a Thanksgiving meal, which was a new experience for us!

Your sacrificial gifts have also brought our Conference Center and main building of Thousand Hills International University into Rwanda! And we believe that God will multiply his blessings through this place just as He did with our sister who started with one sheep and soon will have many.

The exterior of the building is beautiful, as you can see, but much work remains to be completed inside. Floor tiles need to be laid, plastering and painting to be finished, a water tower and generator are to be set up and connected. Will you consider contributing to the \$250,000 that is needed to finish the work?

From our TLAfrica family to you and your family, we pray that you will enjoy a blessed Thanksgiving this year.

Giving glory to God together with you,

Faustin Ntamushobora, President and CEO of TLAfrica, Inc.
